Education

B.Tech in Computer Science and Engineering 2023 – Present
Bennett University *Greater Noida, Uttar Pradesh*

Schooling

H.P. Children's Academy (Matriculation) 2010-2020
Gorakhpur, Uttar Pradesh

Gorakhpur Public School (Senior Secondary) 2020– 2022
Gorakhpur, Uttar Pradesh

Achievements

- Ranked amongst the Top 10 Teams (of 250+) at the Microsoft Innovate 2025 Hackathon.
- Ranked 7th amongst 600+ teams in 2025 Smart BU Hackathon while holding respectable positions among 2023 and 2024 Smart BU Hackathons
- 1st position Awarded in Bennovate (Project Showcase 2.0) of a 125+ shortlisted teams in our Track
- Awarded the Dean's List Award for Academic Excellence in 1ST Semester-9.78 SGPA, 2ND Semester-9.79 SGPA and for 9.83 SGPA in 3RD Semester
- Awarded Multiple Times for Academic Brilliance and Discipline during Scholarly Years
- Awardee of Medals for Performance in Olympiads conducted through NSTSE

Projects

***Echoes*- AI-Powered Localized Storytelling & Historical Site Exploration App** | *React Native, Node.js*
- Built a mobile app that uses GPT-4 and geolocation to generate real-time, site-specific historical stories.
- Integrated Google Maps API and MongoDB for location tracking and visited place storage.
- Gamified the experience with quizzes and achievement badges.

***Cookie*- AI Chatbot for College FAQs (Innovate 2025 Finalist)** | *Power Virtual Agents, SharePoint, MERN Stack*
- Developed a multilingual chatbot automating college-related queries with NLP and web scraping.
- Integrated SharePoint and used context-aware response logic.
- Ranked in Top 10 out of 250+ teams at the Microsoft Innovate Hackathon.

Paryatan Saarthi – Blockchain-Integrated Tourist Safety & Incident Support Ecosystem | *Truffle, Node.js*
- Built a proactive tourist-safety platform integrating blockchain-verified identity, real-time alerts, and secure incident reporting to support travellers.
- Designed a mobile-first front-end with robust backend APIs and an optimized database for instant reporting, authenticated access, and safety analytics.
- Integrated geolocation tracking, heat-map visualization, and AI-driven anomaly detection to identify unusual activity patterns, along with a dedicated police/admin dashboard for real-time monitoring and case management.

Skills

Languages: Hindi (Mother-tongue), English (Fluent as well as Proficient)
Programming: Python, Java, C++, JavaScript, HTML, CSS, SQL, GoLang
Frameworks & Libraries: React, BootStrapCSS, Node.js, Express.js, Pandas, NumPy, Matplotlib, Swing, Servlet, JSP, Scikit-Learn, TensorFlow, Pytorch, Truffle, Ganache
Databases: MySQL, MongoDB
Developer Tools: Git, VS Code, Visual Studio, IntelliJ, GitHub
Expertise: Data Structures and Algorithms, Object-Oriented Programming, Operating Systems, Computer Networks, Software Engineering

Experiences and Extra Curriculars

Research Head, WIE IEEE September 2024 – May 2025
Bennett University
- Coordinated in and was one of the lead speakers for WIE's First Year Apocalypse Event fabricated for Freshers
- Part of Judging Team in another event 'AImagine That' an event which bridged Generative AI and Play, together
- Offered to aide in research and project works by multiple Teachers
- Part of an ongoing Research Paper focusing on 'Sentimental Analysis' of our day-to-day text messages
